Further, this statement should not be construed as the representation that an exhaustive search has been made, or

that the information cited herewith is material, or that there does not exist information more material to the examination of the present Application. The Examiner is specifically requested not to rely solely on the information submitted herein. On the contrary, the Examiner is requested to conduct an independent and thorough review of the information, and to form independent opinions as to their significance.

It is respectfully requested that the Examiner initial and return copies of the enclosed PTO/SB/08B and to indicate in the official file wrapper of the above-identified patent application that the cited information has been considered.
